Drunken Driver Earns Stiff Jolt In Justice Court

$550 Plus 150 Days In Jail Levied Against Man Oft-Guilty

One of the heaviest traffic fines to be meted out in local justice court was imposed upon Henry L. Pooley, 50, 722 East 4th Street, Reno, on Monday by Justice of the Peace R. N. Little.

Pooley was found guilty of driving while drunk, causing an accident near Hirschdale and with driving with a suspended license which had been revoked in 1940. He had several other drunk driving convictions, it was revealed by Highway Patrolmen H. B. Fowler and William Gautsche, who arrested Pooley and his companion, Charles E. McLean, who was fined $50 or 30 days in jail for violating the county sobriety ordinance.

Pooly was fined $500 and sentenced to 120 days in jail on one count and $50 and 30 days in jail on the second with an additional 225 days in jail if he fails to pay the fines.

Pooley's car sideswiped two others on the bridge just east of Hirschdale.

Seek Identity of Old Skeleton

County Coroner Alvah Hooper and Deputy N. F. Dolley are attempting to identify the bleached bones of a skeleton found last Friday between China Cove on Donner Lake and the Southern Pacific railroad, five miles west of Truckee.

The bones were those of a man believed to be beyond middle age and were covered partrially by a small tree which had either fallen on the man and killed him or fell after he had expired. Indications were, Dolley said, that the remains had been there for eight or ten years. They were found by A. J. Williams and Harvey Davidson, Roseville deer hunters.

The only means of identification were false teeth and a small satchel found near the body and containing an assortment of small tools. A laundry mark, 8H10, was found on a fragment of clothing.

Records of missing persons are being checked in an effort to find some clue which might lead to the identity of the remains, Dolley said.

Rotarians Laying Plans For Visit of Governor

Monday night's meeting of the Truckee-Tahoe Rotary Club was devoted to discussion of preparations for the visit of the district governor on October 14. Jack Wolert presided with Irving Williams of Bakersfield, Wm. Rutherford of North Sacramento, and Al Wise of Truckee as guests.

Next Monday at 7:30 PM at the Capitol Hall, the club will have a Ladies' Night. Reservations for the affair should be made with Johnny Ciardella by October 5.

Local Girls, Cousins, Both Have Birthday Parties

Colorful balloons, caps and bon bons added a gay note to the party given for Judy Loynd at the home of her parents, Mr. and Mrs. E. L. Loynd on Monday, following her 8th birthdate on Sunday, September 29.

The table was covered with a pink cloth and decorated with yellow candles and the chocolate cake was trimmed in the same shades. Games and awards concluded the afternoon for the following guests: Carol Ann Quilici, Lila and Loretta Farrar, Sandra Seins, Sharon Rose, Donald Brunk, Donald Sites, Maurine and Roberta Dimmett, Jackie and Gerine Townsend.

‡ ‡ ‡ ‡

Linda Loynd was six on September 24 and the event was celebrated at a party at the home of her parents, Mr. and Mrs. Walter Loynd, on last Thursday, September 26.

The attractively arranged table was centered with a yellow and pink decorated cake and harmonizing favors were at each guest's place. Games were enjoyed during the afternoon by Irene and Merrill Englehart, Lila and Loretta Farrar, Floyd Cooper, Olivia Dugan, Jessica Rablin, Jim and Judy Loynd and the guest of honor.

Past Officers of Lodge Feted Tuesday Night

Past matrons and past patrons of Truckee Chapter No. 116, OES, were entertained at a ceremony on friendship at the meeting Tuesday evening. Mrs. Elizabeth Bavier and Mrs. Justine Pingree and the Star Points took part in the work. Mrs. Lyla Loehr presided at the piano and Mrs. Hannah Stewart gave a splendid reading. Refreshments were served at the close of the evening.

Max Kappner recently returned from Mexico City where he visited relatives.

Current Shower Minimizes Fire Peril In Forest

Smoking Hunters are Cause Of Last, Worst Fire Before Rain

The current rainstorm to noon yesterday brought an average of an inch of precipitation to the Truckee District and a sprinkling of snow on the higher ridges, definitely minimizing the fire danger in this part of the Tahoe National Forest. However, there is the possibility of a hang-over lightning fire from the electrical disturbance accompanying the storm Monday evening and smoking and campfire regulations will remain in force, since we still have drying weather due in October, states District Ranger H. I. Snider.

Thirty-four fires that were confined to a total burned area of less than seven acres in the Truckee District occurred during the summer season and were divided by causes as follows: Lightning, 6; smokers, 13; miscellaneous, 10; campfires, 5. The miscellaneous classification included such causes as spontaneous combustion, the dumping of hot ashes, automobile exhaust, debris burning, flue sparks, etc.

Hunters caused the last fire before the rain by smoking in a dry area two miles east of Hobart Mills on September 28 and it took the combined efforts of forest service crews and hurriedly drafted hunters and Truckee residents to stop the blaze that burned 2½ acres of small pine timber area before it was controlled.

There were 11 more man-caused fires in this district this year than in 1945. Snider attributes the boost to the increased public use and to various commercial and building activities in the mountain area being accelerated since the war ended. This caused a condition very similar to city fire hazard conditions in some parts of Lake Tahoe, the ranger said.

While many members of the protection force are being given a few days leave during the dampness of the storm, all personnel will resume their stations again as soon as vegetation becomes dry enough to burn. Deer validation and hunter registration stations will be maintained at the Wye 1½ miles west of Truckee for the balance of the weekends during the deer hunting season.

Local Red Cross Scribe Resigns During Week

R. N. Little this week announced that effective October 1 he was forced because of the stress of private business and his duties as justice of the peace, to resign his position as secretary-treasurer of the Truckee branch of the Red Cross. Mrs. Ethel Buell, chairman, is expected to call a meeting at which a successor will be named. Little has held the position since the re-organization of the local branch a year ago and reports there is $2,048 in the treasury.

Highway Patrol Officers Are At School In Colfax

All officers of the state highway patrol in this area today are attending a traffic school class being held at Colfax under the direction of Capt. George Peterkin of Roseville. Inspector W. H. White of Sacramento will act as instructor. Those from Truckee at the meeting are H. B. Fowler, T. F. Sheehan, William Gautsche and Kennett Kolb.

46 At Reception Given by PTA for Teachers Here

Forty-six people, including 14 fathers, attended the reception given by the Parents and Teachers of Truckee Friday evening for the local teachers. Mrs. John Rablin presided at the busy session and Mrs. E. L. Loynd gave the address of welcome to the teachers and presented each with a corsage. The meeting was held at the high school.

On the program, Jackie Blattler sang a solo accompanied by Mancel Justice and Miss Detta Kopanger and Lawrence Martens sang a duet. Refreshments were served. Mrs. W. Townsend was committee chairman.

At the first meeting of the year, held September 20, 28 attended and the program was under the direction of Mesdames Irene Engelhart, T. F. Sheehan and W. Townsend.

.: Sun :. Beams

By WALTER M. BARRETT

During the past two weekends, Truckee's normal population was swelled by hundreds of visitors who came to enjoy the Donner Centennial observance sponsored by the American Legion and the annual buck stew given by the Truckee Outdoor Sportsmen. We believe that local merchants fully appreciate the efforts of these two up-and-coming organizations which sponsored the affairs without thought of personal gain. Whether they do or don't we believe it important to call the fact to the attention of everyone concerned. It is such groups, working in harmony with the whole community, which do more than anything else to keep a town moving forward.

One question which we have been asked to answer more than perhaps all others put together about Truckee is "Why doesn't Truckee incorporate?" We have explained that on previous occasions efforts have been made to correct this unnatural condition but that through misunderstanding or ignorance, the issue has been defeated. However, we believe the time is drawing near when incorporation of Truckee will become absolutely essential if we are to continue to progress. As we are now, we arer working more or less blind in our efforts to promote civic improvements. We depend entirely upon the wishes of people who have no personal interest in Truckee for our needed projects. Fortunately, we have a very good supervisor who is doing all in his power to see to it that Truckee gets all of its rightful share of benefits through the county, but his powers are limited. It is high time that we adopt measures which will give the people of Truckee the right to self-government, paving the way for advancement which can be accomplished only through incorporation. We are prepared to support to the limit any move of this nature.

Quick Response by TVFD Checks Two House Fires

The fire department was called out twice during the past week and each time prevented a serious loss to homes. The first fire was Sunday morning at the Vieu home on the hill north of town when a stove pipe was disconnected and an incipient blaze resulted.

This morning a trash fire in the basement of the Costa home on High Street resulted in no damage being done. In both cases the department responded in record time and minimized the damage.

Injunction Denied in Case Over Little Truckee Flow

Federal Judge John Bowen denied the federal government's request for a temporary injunction preventing the Sierra Valley Water Company from constructing a water diversion dam on the Little Truckee River.

The government had asked for the order pending the settlement of a suit recently filed seeking an adjudication of water rights on the stream. The government maintains the Sierra Valley concern takes from the stream more than the 60 second feet flow to which it is entitled.

Water users in the Pyramid Lake region of Nevada suffer, the government contended, when Little Truckee water is diverted by Sierra Valley ranchers. The company contends the dam under construction is no larger than the one already in use.

Summit Citizens Begin Civic Betterment Club

SODA SPRINGS— At a community meeting held at the Kiski Lodge on September 26, the Donner Community Club came into being. Officers were elected and committees appointed to draft rules and regulations to govern the organization. Forty residents were on hand to pledge their cooperation.

Col. Wm. Rutherford was asked to be present to guide the organization in its formation and the first meeting was a great success.

Officers elected were Frances Couillard, president; Jack Crampton, vice president; Max Williams, secretary, and Lola Schull, treasurer.

The next meeting will be held at Crampton's Store. All residents of the district are invited to attend Oct. 4.

Fish Released From Nursery as Flow is Low

by F. F. KEARNEY

On September 30th, the 50,000 little trout which the Truckee Outdoor Sportsmen had in their trout nursery, were planted in the Truckee River.

The sportsmen expected to feed the trout until October 16 but as the gates at Tahoe were closed and only 50 second feet of water coming into the river, they concluded the trout had better be taken out of the nursery before the water went lower.

Last year in three months the sportsmen had trout in the nursery, 2015 dead were taken out. This year in the three months only 985 died. Last year the nursery was run on the plan that with a small stream of water going in, the water would be warmer and the trout would eat more and grow faster. Last year the trout were put in the pond on July 22 and 17 of them weighed one ounce. This year they were put in on July 9 and it took 30 of them to make an ounce.

This year Allen Pollitt said the clam spawn, which is fatal to little trout, was still in the river and to give the fish lots of water and try to keep the clam spawn going through the nursery. With the larger volume of water it kept the pond cleaner, gave the trout more feed and kept off the slime that gathers in more quiet water as well as giving the fish more exercise which helped digest the food.

The sportsmen were satisfied with the three truck loads of fish put in the nursery last year but when the trout grew so well and so few of them died, they expected they would be given at least three times the number this year and many were disappointed when they were given only the same number.

The pond is 10 feet wide and 120 feet long and the trout they had this year filled a space 10 feet wide and 15 feet long, leaving 105 feet by 10 feet wide in which there were no fish.

The Truckee river from Tahoe to Floriston is 30 miles long without dams, power houses or pollution and should be one of the finest trout streams in the state but to make it that the sportsmen figure that 500,000 from four to six inches long should be planted in the river each year and another late hatched 500,000 put in the river before they are fed and let them grow under natural conditions.

Putting 50,000 trout in 30 miles of river is like putting a cup of water in a barrel—you don't notice it.

Barnes in New Manager of Gateway Park Garage

Harry Barnes, for the past six years associated with Glenn Coffey at Coffey's Garage, this week took over the lease and management at the Gateway Garage at Gateway Park. With him will be Everett Chapman, who with Mrs. Chapman, will occupy the apartment over the garage.

The new managers are thoroughly amiliar with the automotive business and will operate a modern repair hop in connection with the garage business. Their many friends will wish them all the success they deserve.

The garage was put into operation last fall by William Kilian who has accepted a position with the state park service and sold his interest to Barnes.

School Nurse, Supervisor Give Tests In Truckee

William Martin, principal of the school, announced that Miss Vivian Bergner, school nurse, visited Truckee Elementary School last Thursday when 111 children were weighed and measured.

On the same day, Mrs. Louise Goode, general supervisor, visited the school and gave the "Reading Readiness Tests" to the primary pupils. The children are taught to associate pictures of an object with reading matter about it and thus learn to read.

There was a meeting after school with the faculty and Mrs. Goode gave much advice to each teacher. She will return in about two weeks.

From Oregon—

Mrs. Alan Ainey and children of Portland, Ore., are expected to arrive today to visit Mr. and Mrs. T. T. Buell.

V. C. Shattucks Sell Show House In Downieville

"Open as Long as Possible" Is Verdict on Show At Lake

In order to devote their full efforts o the management of the Donner Theater at Truckee and the Tahoe Theater at Kings Beach, Mr. and Mrs. V. C. Shattuck this week announced the sale of the Yuba Theater at Downieville which they had operated for the past 15 years.

The purchasers are Mr. and Mrs. Raymond N. Brett who settled in Downieville after Brett's discharge from the service. Several changes are planned in the Yuba Theater and it will remain open the year around. There were times during the winter months when it was impossible for the Shattucks to make the trip and there were long periods when the popular theater was kept closed.

The Shattucks have made the difficult trip during the winter months for the 15 years, often under conditions which taxed human efforts to the limit. In 1940 they erected a new building at Downieville which is one of the most modern little theaters in northern California.

Shattuck said they will continue to operate the Kings Beach theater as ong as conditions permit this winter.

Winter Sports Group to Meet On Monday Night

The executive committee of the Truckee Outing Club met Monday in the offices of President R. N. Little to discuss plans for the coming winter sports season. A general meeting of the club has been called for Monday, October 7, at Truckee Hill Top Lodge at 8 PM.

During the session next week the members will discuss selection of preferred dates for sanctioned ski meets and will name delegates to the California Ski Association convention to be held on October 12-13 in Santa Cruz.

Shower In Honor Of Mrs. Kielhofer Is Held Today

Mesdames Clifford Ellis and Jack Ellis are hostesses this afternoon at the home of the latter at a shower given in honor of Mrs. Karl Kielhofer. Relatives and close friends have received invitations to share the occasion.

Pastel shades are being used in the party appointments. Cards and other games will occupy the guests.

Red Burlingham Gets Buck at Own Back Door

It didn't take A. E. (Red) Burlingham long to get his deer when he set his mind to it.

Red spent several long hours hiking in the mountains in search of the evasive buck without results. Then the other morning he picked up his rifle, stepped out into the backyard of his home and in a few minutes was dressing a nice 165 pound forked horn which ventured too close.

20-30 Club Members Are Local Lions Club Guests

Six representatives of the Reno 20-30 Club, headed by the president and district deputy governor, attended a meeting of the Lions Club last night to discuss the possible organization of a 20-30 Club here.

Plans for the Charter Night program at Capitol Hall Saturday, October 19, were completed. The dinner will be served at 8 PM and all seats will be reserved. Members and guests of the club are invited but must be provided with tickets in advance. Cocktails will be served at the home of N. F. Dolley with W. M. Englehart Sr. and Frank Gaiennie as joint hosts. R. N. Little presided at the meeting last night.

New Post Office Started on Lake Tahoe at Tahoma

TAHOMA— A new post office has been established at Tahoma, between Tahoe City and Chambers, according to an announcement received here. Mrs. Ethel M. Hood of Tahoma Resort is the new postmaster.

Mrs. B. .. Riordan was a Roseville visitor this week.

Multitude Fed At Buck Stew Last Saturday

Three Day Convention At Santa Cruz Planned At Meet Here

It is conservatively estimated that at least 800 people assembled for the second annual free buck stew sponsored by the Truckee Outdoor Sportsmen at Capitol Hall Saturday night.

This huge gathering taxed the efforts of the committees which had made preparations for 500 and unfortunately only 650 managed to partake of the excellent feed, which consisted of five large bucks prepared into a savory stew with buns, coffee and butter.

A. G. Bradshaw, president of the sponsoring club, in expressing his thanks to the merchants for the many contributions to the affair, said that next year arrangements will be made to handle the larger crowd.

While the long tables which seated nearly 300 people at a time were being cleared for the second seating, Bradshaw and Director Ralph Graham supervised the awarding of the rifle and the shotgun, the former going to Game Warden Bill LaMarr and the shotgun to A. Cunn of Sacramento. Thirty-five other gifts, donated by Truckee merchants, were presented to visitors during the evening.

Sportsmen Meet

Definite plans for the three day convention to be held at Santa Cruz October 18, 19 and 20, were made at a meeting of the state-wide council of the Associated Sportsmen of California held Sunday morning following the stew. Gus W. Gustafson, president of the association from San Francisco, presided. More than 20 delegates, representing nearly all of the clubs in the northern and central part of the state, attended to discuss matters of vital interest to the sportsmen and the wild life program.

Bradshaw brought up the matter of inadequate water in the Truckee river and was assured the support of the Associated Sportsmen to end the difficulty with the Nevada utilities which control the stream's flow.

Bradshaw pointed out that because of the low water it has been necessary to release the fish being raised in the club's ponds near Truckee more than a month ahead of time.

Coastal water pollution, laws governing the taking of striped bass, stream flow and predatory animal control were discussed at length and most of these problems were referred to the newly named legislative committee headed by L. J. Brocchini of Sacramento who will have sub chairmen in all districts. This committee will work with the state legislature in promoting laws beneficial to the sportsmen of the state.

County Tax Rate 22 Cents Higher Than Prior Year

Nevada county's $1.56 tax rate for 1946-47 for general purposes is 22 cents higher than the $1.34 rate for 1945-46, the war-time low, California Taxpayers' Association states, making public its study of tax rate trends in California counties. The county's 1941-42 property tax rate for general purposes, the last fixed before the start of the war, was $1.50 per $100 of assessed value. The rate for general purposes does not include special road, library or school rates.

Only two California counties, Santa Cruz and Alpine, show reductions in tax rates for general purposes for 1946-47, compared with 1945-46. Alpine county's rate is down six cents and Santa Cruz county's rate for general purposes is down 3.54 cents.

Work On Church Slated To Start Early In Week

Rev. Marvin Quattlebaum, pastor of the Truckee Community Church, this week announced that the material for the new church roof is available and will be installed next week by volunteer workmen. Anyone wishing to share in the project is asked to be at the church Monday morning. Children, however, are warned to stay away during the repair program as they may be injured.

The paint, too, is ready to go on, Quattlebaum said, and it is hoped to have sufficient to cover the parsonage and small adjoining house. The paint was donated by Clarence Tollefson, local realtor.

Popular subscription is providing the money for the new roof and painting and Quattelbaum expressed his thanks to those who contributed so generously to the much-needed project.

Reckless Driver Dunned $50 In Justice Court Here

Kenneth Merle Kriser, 41, Vallejo, was fined $50 when he appeared before Justice of the Peace R. N. Little this week on a charge of reckless driving resulting in an accident near the quarantine station Saturday evening. Patrolman William Gautsche who cited Kriser, said the latter's car sideswiped the bridge near the station and crashed into the railing.

ROSEVILLE MAYOR TO SEEK TOGA AS SEAWELL TO QUIT

ROSEVILLE— Mayor Harold T. Johnson Saturday announced he will enter the race for the office of state senator which will be vacated January 1 by Jerrold Seawell who was elected to the state board of equalization in the primary election.

Johnson said he will be a candidate when and if Governor Warren calls a special election to fill the vacancy and will campaign as a Democrat.

The Roseville mayor was pledged support of the Democratic party for the post by John P. McEnery of San Diego, vice chairman of the California Democratic Central Committee at a recent meeting here.

Johnson is now serving his second term as mayor. He is system general chairman of the Brotherhood of Railway Clerks on the Southern Pacific for the Pacific Fruit Express division.

IONE CITIZENS PLAN INCORPORATION TO BETTER COMMUNITY

IONE— A petition to bring to vote a proposed incorporation is being drawn by C. G. Chisholm, Jackson attorney, and will be presented to the public of Ione at a meeting of the Ione Men's Club October 4.

Incorporation advocates are desirous of developing water, sewers, streets and lights which in turn will create better business and living conditions in the town, as well as a means toward a larger income for the community.

The state department of public health has stated that Ione is one of the most unsanitary communities in the state and a large group of taxpayers want to take steps to incorporate in an effort to better conditions in general.

F. B. I. INSURANCE

IN spite of all the talk, there is slim chance of war between the United States and Russia for five years at the very least. Russia is totally unprepared industrially to carry on a prolonged struggle, and we have—as usual—scrapped so much of our military and naval strength that we couldn't land an army in Britain or North Africa, or anywhere else, in two years' time.

But suppose that "slim chance" occurred! Just where would we stand? Many of our Left Wing labor unions are riddled with communists — men who are sworn to uphold that creed even against their own country. Most of these men are doubtless foreign born and with no particular interest in, or love for, this country; but that doesn't alter the fact that they would wreck our factories and lay us open to vital danger.

No one is being fooled by the prolonged series of strikes which are so cleverly checkerboarded that — by stopping the flow of one essential part and then another—they slow down production in most of our fundamental industries. Coincidences don't happen that way. The plan to cripple the nation is now becoming obvious to even the most obtuse. These men are not cutting their own throats just for the fun of striking.

What's to be done about it? In a number of Red managed CIO unions American elements are struggling to take control away from the Communists. In some cases they may be successful—in others not. So when war with the power mad Red Imperialists of Russia does occur, every factory where Communists are employed will be in deadly danger.

There is one solution—which our government will of course not take —and that is to send every foreign born Communist back to the country whence he came. But failing this —why could not the F. B. I. list the name and keep tab on, every Red in this country whether he be one of the treasonable Hollywood variety or one of the more immediately dangerous labor union type; and when and if war with the Slavs ever became imminent, arrest them immediately before they could do any harm. The F. B. I. did a miraculous job with the Nazi agents at the start of the last war—but this is a hundred times bigger and more serious situation. Probably the F. B. I. has them all spotted. LET US HOPE SO; AND LET US NOT NEGLECT TO TELL OUR CONGRESSMEN TO VOTE PLENTY OF FINANCIAL ASSISTANCE TO THAT ORGANIZATION. IT WILL BE THE CHEAPEST INSURANCE WE EVER BOUGHT.

Rainbow Tavern Is Sold To Bay Area Syndicate

AUBURN— The sale of Rainbow Tavern on Highway 40 near Big Bend to a syndicate headed by W. W. (Tiny) Naylor, A. A. Marcola and D. A. Hansen, was announced here recently. Larry Curtola and Joseph Navonne, the sellers, will devote their time to Tahoe Tavern at Lake Tahoe.

Hansen will be resident manager in charge of Rainbow Tavern. The sale includes personal property which will bring the total consideration to about $250,000, including real estate and buildings.

Navonne and Curtola purchased the resort several months ago from Mr. and Mrs. John S. Flagg.

Emerald Bay Estate Sale Is Confirmed by Court

RENO— Sale of the Lora J. Knight estate of Vikingsholm at Emerald Bay on Lake Tahoe to Lawrence Holland, Washoe county sheep and cattle man, was completed with the sanction of the El Dorado superior court in Placerville. The price was $201,000. The property had been appraised at $230,000 when the estate of the late Mrs. Knight was probated in the district court in Reno.

The property, one of the finest sites on the lake, includes the impressive home, a beach along Emerald Bay the tiny island in the center of the bay and nearly 200 acres of surrounding mountain land.

Deaths from snakebite in the U.S. are rarer than deaths from being struck by lightning.

MAIN STREET MANHATTAN

By CARL HELM

NEW YORK—The musicians' union is demanding a third to a half more dough per week for its duespayers who ply their trade in the nightclubs, and the owners thereof are threatening to close the joints.

It could be argued that even $1000 a week would be little enough pay for having to endure eight hours in one of the sucker-traps night after night, whether one tootled a note or not.

There's no law as yet which compels a fiddler or drummer to sit there in the smoke and clatter, surrounded by obnoxious drunks. But having to listen hours on end to the dirt and insults which pass for gaiety and humor on 52d St. must be punishment that no amount of gold could make up for.

The possibility that "cafe society" —which is about as exclusive as a subway jam—might have no place to go to exhibit its boorish boredom, leaves the bulk of the population cold.

And there is the bright possibility that vaudeville would come back, offering self-respecting employment to orchestras and entertainers, and a chance for the public to enjoy a variety show without having to get stupefied drunk or hold its nose while, at the same time, paying through it.

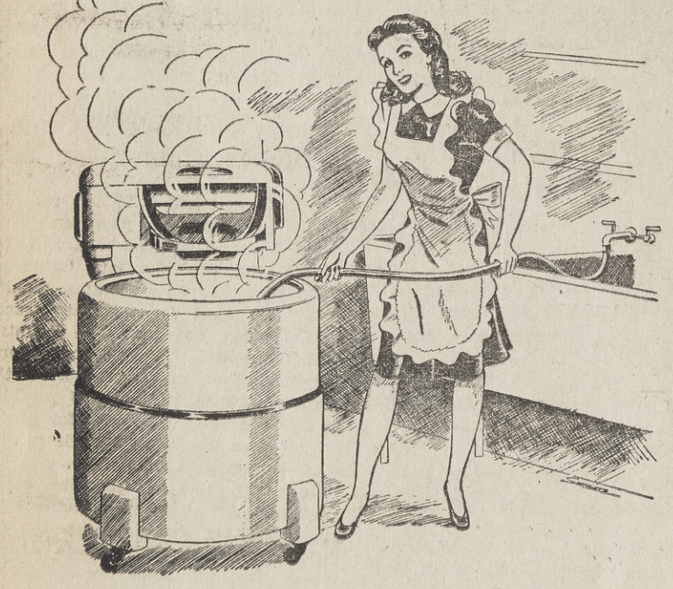
WASHDAY



can tell you a lot about your Water Heater

How does your water heater "size up" on washday? If family use of hot water in bathrooms or kitchen drains down your water heater so you must wait or do your laundry with luke-warm water, your water heater is too small.

Modern homes need a water heater with at least 30 gallons water storage capacity. • When you build a new or remodel your present home be sure to have your plumber "size up" your hot water needs according to the chart below.

How to "Size up" Hot Water Requirements

Minimum Recommendations for Normal, Average Hot Water Service.

Number Bathrooms	Number Bedrooms	Storage Capacity Gallons
1	1 or 2	30
1	3 or 4	40
2	2 or 3	40
2	4 or 5	50
3	3	50
3 or 4	4 or 5	75

Remember, too, a large size water heater costs very little more to operate. It more than pays for itself in worry-free hot water service for the whole family.

TRUCKEE PUBLIC UTILITY DISTRICT
A TAX SAVING PUBLIC ENTERPRISE

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933

Of The Sierra Sun and Truckee Republican published weekly at Truckee, California, for September 30, 1946

State of California
County of Nevada } ss.

Before me, a Notary Public in and for the state and county aforesaid, personally appeared Walter M. Barrett, who, having been duly sworn according to law, deposes and says that he is the co-owner and publisher of The Sierra Sun and Truckee Republican and the the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:
Publisher Walter M. Barrett, Truckee, California.
Editor Walter M. Barrett, Truckee, California.

2. That the owner is Walter M. Barrett, Truckee, Calif., Harriett K. Barrett, Truckee, Calif.; W. Douglas Barrett, Truckee, Calif.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of the total amount of bonds, mortgages, or other securities are:
None.

4. That the two paragraphs above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 735.

WALTER M. BARRETT.

Sworn to and subscribed before me this 30th day of September, 1946.

C. B WHITE,
Notary Public.

SEAL

CERTIFICATE of BUSINESS
Fictitious Firm Name

The Undersigned do hereby certify that they are conducting a Garage business at Highway No. 40 known as Vanderfords, County of Nevada, State of California, under the fictitious firm name of Donner Summit Garage, and that said firm is composed of the following persons, whose names and addresses are as follows to wit:

Eugene Woods, Soda Springs, Calif.
Lois Woods, Soda Springs, Calif.
C. E. Nordstrom, Soda Springs, California.
Margot Nordstrom, Soda Springs, California.

Witness our hands this 10th day of September, 1946.

Eugene Woods
C. E. Nordstrom
Lois Woods
Margot Nordstrom

State of California
County of Nevada,

On this 10th day of September, 1946, before me, R. N. Little, a Notary Public in and for the said County and State, residing therein, duly Commissioned and Sworn, personally appeared Eugene Woods, Lois Woods, C. E. Nordstrom, Margot Nordstrom, known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same. In witness whereof, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

SEAL R. N. Little,
Notary Public in and for said County of Nevada and State of California. My commission expires December 12, 1949 tO10

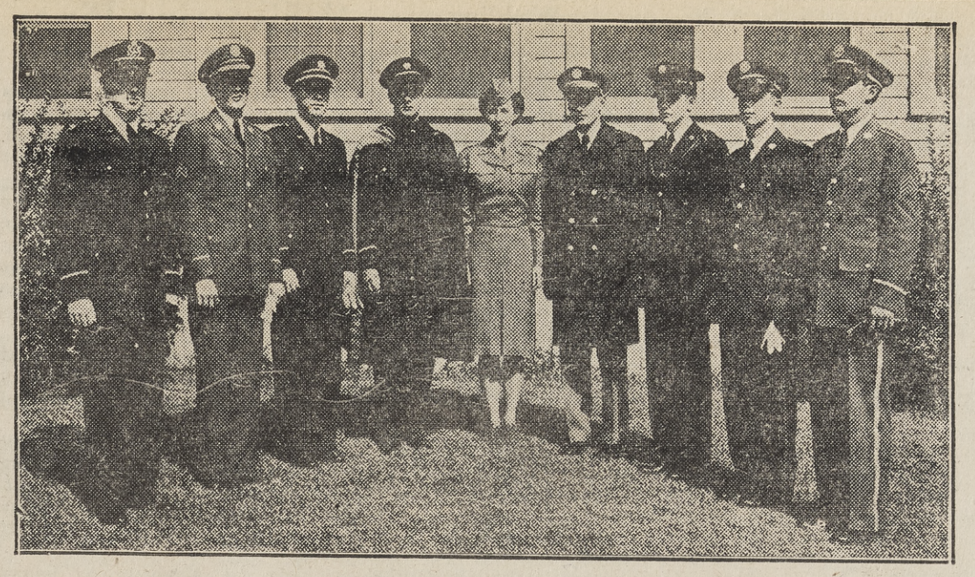
WOODSTOVES—Four of them, your choice, $10; One wood heater, nearly new, $15; heavy 2-wheel trailer, 20-inch wheels, no tires, $100; used ski-bike, $12; spud sacks, 5 cents each; 1 lb. cartons soda crackers 17 cents or 6 for $1. Crampton's Food Market, 19 miles west of Truckee and opposite Hampshire Rocks Public Camp on Hwy. 40



BOYS (AND GIRLS) IN BLUE ONCE AGAIN—American soldiers will appear in dress uniforms of traditional blue which distinguished them from the days of the American Revolution until the Spanish-American war. From the designs modeled as shown above will be selected the official suit for the dressed up GI of the future. There are various shades of blue to select from. white, blue or ecru, neckties of blue or black, gloves of white, tan, brown or black and caps matching coats. Overcoats of dark blue and a cape of dark blue with velvet collar, trimmed with embroidered insignia and lined with red nylon are offered for cool weather. The WAC model wears a battle jacket of moss green, light green shirt, medium green tie, nylon stockings, brown oxfords and brown utility bag and brown gloves. The cap is moss green with braid (yellow with green for enlisted women and gold with black for officers.)

Cars Are Junked

SACRAMENTO, Oct. 3 —(UP)— With now new cars available during the war, Californians have been junking their automobiles at a much slower rate during the past three years, the state department of motor vehicles reported.

In 1942, 82,801 automobiles were junked in the state. But, in 1943 the number dropped to 3,399, to 2,868 in 1944, and to 2,482 in 1945.

However, because of cars brought into the state, the highest total registration in history was recorded at the end of July with 3,920,000 vehicles recorded.

AMERICAN LEGION

To Our Many Friends
of the Truckee, Tahoe, Sierra Region

Sincere Thanks

for the splendid support, moral, financial and physical, you gave us in our successful efforts at staging

Donner Centennial

We hope you enjoyed the affair as much as we enjoyed staging it. We wish we could thank each of you personally but the co-operation we received was so universal we must take this method of expressing our appreciation.

Truckee Post No. 439, AMERICAN LEGION

HUNTERS IN TAHOE, SIERRA AREA KILL MANY DEER IN WEEK

TAHOE CITY— A party of hunters which included Woodland's superior judge, C. C. McDonald, W. H. Olson and Mr. and Mrs. E. H. Bellmer of Sacramento returned from a pack trip to their Timberland Tract homes last Thursday. McDonald brought in a 125 pound three pointer, Mrs. Bellmer shot a 120 pound forked horn and Olson killed a 150 pounder. Bellmer got a lot of exercise.

W. R. Tiffany of Stockton, who has a summer home beside the lake at Homewood, returned home with a 165 pound, four-point buck one of the few larger ones killed here this season, shot at Bear Pen Creek near Diamond Crossing.

J. M. Stout of Sparks, Nev., checked in on the 26th with a forked horn weighing 81 pounds, killed near Rubicon Springs. It is one of the smallest taken so far this season.

Lady Hunter Successful

Mrs. Jean Henry of Tahoe City, with a 100 pound forked horn, was one of the successful deer hunters on opening day.

R. N. Rasmussen of Fairfield on the 27th checked in a four-and-three point buck, dressing out at 131, killed near Mount Watson.

Dr. R. W. Nelson of Santa Rosa on the 27th checked in a 103 pound three point buck killed at Bear Trap near Tahoe.

T. W. Russell Jr. of Palo Alto took home a four pointer, 150 pounds, shot in the Twin Peaks region.

Mrs. Fred H. Weyer of Reno on the 25th shot a 120 pound forked horn in the Page Meadows.

A. M. Henry of Tahoe City shot a 150 pound buck, 3-and-2 points on the 25th near Carnelian Bay.

Ernest Hoerdler of Tahoe City reported in with a 125 pound forked horn, killed within a short distance rom Tahoe Tavern.

Constable Sees No Deer

Constable Harry Johanson on the 25th returned from an extended horse back trip through the hills near Truckee and reported he had not sighted a single buck. He reported a party of 30 hunters at Big Chief Camp had returned rrom the back country with only one buck killed by the entire party.

Fred White of the public camp at Tahoe Park reports hunters continue to arrive at his checking station with bucks killed in the Tahoe area. While many are shot on the surrounding peaks, some are killed almost in the front yards of summer homes.

C. B. Wiley of Sacramento got his 3-and-2 pointer, dressing out at 150 pounds, near Verdi Peak.

G. F. Wiley of Los Angeles rounded up his 145 pounder with four points on one side and three on the other near Twin Peaks.

Vernon LaRose of Tahoe Pines holds the record at White's station so far with a 170 pounder, forked horn, also shot in the Verdi Peak area.

Unusual Luck

T. L. Maberry of Tahoe Park had an unusual experience when, with his wife, he started down to Tahoe City with guests to show them the Tahoe City dam. Nearing the Catholic Chapel, he sighted a buck standing in the brush eyeing them. Playing a hunch, he turned the car around and sped back home for his gun, a distance of half a mile. When he returned, the buck remained standing in the same spot but not for long. For Maberry brought him in to White to be validated. It was a forked horn, dressing out at 130 pounds.

Don Prusso of Carnelian Bay and Long Beach got his three pointer, weighing in at 135 pounds, in the Twin Peaks area.

J. O. Hursey of Tahoe Pines and caretaker of the Kaiser estate shot his forked horn, 130 pound buck at Shaeffer's Mill.

Elmer B. Davis of Sacramento killed a forked horn, dressing at 110 near Truckee.

R. Catterlin of Oakland shot a 105 pound three pointer nera Lake Forest.

A Nation's Good — Looking Ahead

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

SOLOMON, King of Israel, and George Washington, the first President of the United States, lived about alike. They rode in horse-drawn vehicles, wore hand-loomed clothes, used animal oil for light and wood for fuel. They lived nearly 3,000 years apart. Think what you have now and remember that Washington died less than 150 years ago; more industrial progress in the last 150 years than in the previous 3,000.

In comparing the American system with any socialistic plan, one point must be held in mind constantly: freedom to think. Nothing is more valuable than good ideas and everybody has them; nobody has a corner on them. Where any person is free to get ideas and put them to work at his own risk, good ones come to light in a hurry and are put to work in a way that helps everybody; that is the American way.

Compare Results UNDER any socialistic system of central planning, only a few are considered worthy to think. They have ideas occasionally, of course, but do not try them out at their own risk. They put ideas to work on a big scale at the nation's risk. By this system the whole people must suffer for the blunders of a few. That's collectivism, and the differences show up clearly in general prosperity.

America is the most prosperous country on earth. At the last check, national income in the United States was equal to that of the six next highest countries; national income being the grand total of what everybody earns. Under the American system, incomes are different; some higher than others but all high. In socialistic countries incomes are more alike, uniformly low.

Consider Workers PRIVATE enterprise, as a system, has many critics. Students in modern colleges and high schools are able glibly to point out defects in America's manner of life. Admittedly, it is not perfect because nothing is perfect that is made up of imperfect people. Just the same, when the time comes to choose a successful system, pick one that makes the average man richer.

Gentlemen of the Continental Congress, who years ago made some important decisions for us, today deserve a vote of confidence. Will we keep the form of government they outlined and set up for us or do we change to something like that in Britain, France or Russia? Let us make our decision on a basis of results. If we don't make it soon somebody will make it for us.

Selecting our course ourselves, doing so wisely and soon, is extremely important. Small items of business can be bungled today and corrected tomorrow, but not this one. If the United States should once go collectivist completely, it would never be a republic again until people who live now are forgotten. There are no practice shots; we make this decision once, and that's how it will be.

Tahoeites At Wedding Of Popular Pair in Reno

TAHOE CITY— Among those attending the wedding of the former Catherine Murphy and Fern Macy Tuesday of last week at Our Lady of the Snows Catholic Church in Reno were Mr. and Mrs. Cecil Dempsey, Mr. and Mrs. Don Snyder, Lieut. John Butler, Bob Snyder, Leona G. Edwards, John Perelli, Margaret Lewis and Julliene Lewis.

The reception at the home of Mrs. Margaret Lewis, which followed in Reno, was a delightful affair, attended also by Milka Sargent and Catherine M. Parr. The wedding cake was a beautiful creation made by the chef of Tahoe Tavern and Mrs. Jessie Firpo did the culinary honors on the big turkey and dressing enjoyed by the guests.

Mr. and Mrs. Macy were guests at El Cortez Hotel in Reno for several days and returned to the lake briefly to see their friends before continuing on to Sacramento where they planned to visit old friends and former Tahoeites, Mr. and Mrs. Harvey Hull. From there they motored to her former home town, Visalia, to visit with friends and thence to Palm Springs for the winter.

Kings Beach Residents Begin Eastern Jaunt

KINGS BEACH— Mr. and Mrs. Norman Houck of Kings Beach left on October 1 on an extended trip through Montana, South Dakota and Minnesota with the former's brother and sisters. They will then go south to Arkansas and New Orleans for a visit with Mrs. Houck's family, returning by the Gulf Route through Texas.

They expect to be away until December 1 and Mr. and Mrs. Robert Kirk of Colfax will be in charge of the Houck's cottages while they are away.

TAHOE BRIEFS

Mrs. John Reedy and sister, Miss Anne McDonald, of Tahoe and S. F. are combining business with pleasure at the Hotel Biltmore in Los Angeles.

Mrs. Emma Gargan, mother of Dr. George Hinkle of Bittencourt Tract, has returned to her home in Penryn following a weekend stay at the Hinkle home.

Mr. and Mrs. Matt Green of Sacramento and friends visited at Tahoe last week.

Mr. and Mrs. Hank Slade of Tahoe Cedars have moved to the cabin on the Oliver estate in Sunnyside where they will be caretakers this winter.

Mr. and Mrs. J. G. Baldocchi of Antioch visited their summer home in Timberland with friends, this being their last visit for the season. They closed their place for the winter while here. Guests who accompanied them included Mr. and Mrs. John Novero and daughter Dorothy, also of Antioch.

The A. M. Henry home in Tahoe City has been general headquarters for deer hunters and their families since the season opened. Visitors over the past week included Mr. nd Mrs. G. Donaldson and son David of Oakland, Jack Brain of Oakland, Earl Weyhe and Mr. and Mrs. Verne Daniels.

Whispering Pines

Tahoe Lake School Column

Arch Scott, local resident, is assisting in the role of teacher at Tahoe branch of Placer Union High School. He instructs in French, biology and mathematics.

Edward and Everett Sutton of the Tavern have transferred to a school in Los Angeles County for the winter.

Betty Gates of Tahoe City has transferred to a school in Dos Palos where she and her mother will remain for the winter.

An assembly program was held at the school auditorium on Thursday last at 11:30 AM, many parents and visitors being present.

On Monday, September 30, a pet show was held in the school, during which awards were made for outstanding pets. Miss Lucille Haugen was chairman, and there were 28 entries.

It will not definitely be known whether hot lunches will be served here for another week or two, according to Mrs. Gallinger, elementary principal.

One project being sponsored by the Junior Red Cross of Tahoe Lake School this term is a series of exhibits which will enable the children to become familiar with the modes of living all over the world. Last week the exhibit was on China and this week it will feature the Philippines.

Red Crorss containers have been placed in all school rooms for donations toward the children's Red Cross Christmas fund. This money is used to pack boxes for the needy children of foreign nations.

An interesting exhibit was on display last week featuring shells, many lovely corals and seashells among them.

Two new music students have been added to the local group. One is Lewis Fellows of Carnelian Bay who is learning to play the drums and the other is Carol Wilson who will take guitar lessons.

Mrs. Stella Watson, school bus driver, on October 1 moved back into her home in Tahoe City which was rented for the summer to Otto Fox, local orchestra instructor, and his family.

The new mid-morning milk service to the school children, served in individual containers with straws, is proving very popular.

"Joe" Henry passed another milestone on September 26 and was tendered a gay dinner party at the home of Mrs. Mary Planett, Mrs. Henry's mother, at Verdi. Guests who enjoyed the affair included the Henrys, the Donaldsons and the Daniels from Tahoe and Fred Planett....A recent letter from daughter Pat indicated she and her hubby were well and had been visiting friends in New Jersey.

Mrs. Anne Worth, Sue Garrett and Jeannette Franco all of Homewood on Sunday enjoyed a motor trip around the lake and dinner at Tahoe Village.

Mrs. Soll to Take First Air Trip to Washington

TAHOE PINES— Mrs. Annie Soll of Tahoe Pines on October 5 will leave Tahoe for Sacramento where she will board a plane for Seattle. It will be her first plane ride and she is looking forward to it with real anticipation. Accompanying her will be her daughter and husband, the Louis Gerkins of Sacramento. The trio will taxi from Seattle to Tacoma, where they will be met by Mrs. Soll's nephew, Lester Dickey of Eatonville, who enjoyed a visit with the Solls last year after being discharged from overseas duty with the army. The party will spend two weeks at the home of Mrs. Soll's parents, Mr. and Mrs. A. B. Conrad, who live near Tacoma.

HOUCKS GRANDPARENTS

KINGS BEACH— Mrs. Norman Houck of Kings Beach returned from Hollywood Thursday last with the news of a new baby granddaughter born Friday, September 13, to Mr. and Mrs. Blaine Riley of Hollywood.

20 Pound Trout Caught From Tahoe City Pier

TAHOE CITY— Breaking all records at Tahoe for the season, Charlie Ramsey of Tahoe City recently caught a steelhead trout which topped the scales at 20 pounds. He made the catch from the Marinia Boat Company pier in town. The fish broke the tip of his pole but he landed him with compartive ease, using salmon eggs on a Tahoe spinner for lure.

BOB HUSTON
TAHOE CITY, CALIFORNIA

Tahoe Letter

From SWANEE

Tahoe City, California.
September 29, 1946

Dear Tahoeites:

It's Sunday night and time to chat a bit with you again. The weather continues grand, in fact, the past week has been exceptionally beautiful in spite of a bit of wind which blows occasionally. Can't hep but note how swiftly Autumn, yea even Winter, is descending upon the region. Unless I'm very much mistaken, I've an idea we will have another early winter again this year, althougn we're all praying the snow won't start until at least Thanksgiving. It came in October last season and gave us almost seven long months of winter, which was rather difficult to take for the natives, especially with the shortages, scarcities and rationing.

The leaves of the cottonwoods and poplars and the willows along the streams are turning swiftly from green to yellow, with here and there a splash of red, and if we don't have heavy rains and a freeze, Tahoe should enjoy one of those exquisite Autumns, when color runs riot every way one turns his head. I'm saving a roll of colored film to capture some of those priceless pictures, so hope the stormy weather holds in abeyance for just a little longer. Today the wind swept the leaves along the highway and sent them flying in showers from the branches and there was a hint of winter in the air. We Swansons are ready for it, with some mighty fine wood all stacked away in the garage and the larder filled with canned fruits, vegetables and other necessities.

Yesterday my neighbors, Mr. and Mrs. George Gates and daughter Betty, who have lived for a number of years as caretakers at the McClatchy estate, recently purchased by the F. A. Kilners, stopped in to say goodbye. They were on their way to Dos Palos, down southern California way, where they will spend the winter. Mr. Gates made the trip but plans to go back and forth throughout the winter to see them. Their new home, construction of which was halted in the new Fairway Tract in Tahoe City above the golf links after the gentlemen of the CPA were in town not so long ago, has been closed in to prevent damage by winter snows and they hope to complete it, like so many others, in the spring.

AS MAINE GOES . . . Gov. Horace Hildreth of Maine, who ran for second term on the Republican ticket, is pictured at teletype in the state house reading the news of the Republican sweep. Hildreth was reelected with 66 per cent of the votes cast.

Mrs. Gates ordered the Sierra Sun for Betty so she can keep tab on all her playmates and friends at Tahoe during her sojourn in the south. They will return to Tahoe again when the robins arrive.

Dick Hinkle looks grand since his discharge from the marines and appears to have grown another foot. His life in the service certainly did him more good than harm, but he's mighty glad to be home again. On Sunday, today, he left for Tacoma where he will visit indefinitely at the home of his sister, Marilyn, and family, Mr. and Mrs. George Myers. Dr. and Mrs. George Hinkle, his parents, this week are pleased as punch at a little poem which is appearing in Saturday Evening Post—and small wonder! It was written by Don Enfield Sr. of Hollywood who is daughter Sue's father in law and the poem is titled Eternal Eve. It was written by the elder Enfield about his and the Hinkle's two small grandchildren, Sue's David Bruce and little Deedee.

I hear, through friends, that the Harvey Hulls, formerly of Tahoe, have sold their lovely home in Sacramento and have made a deposit on a home at Pollock Pines. If the deal goes through they will then be neighbors of Mr. and Mrs. Dyke Moore, who have summered for some years past at the Ehrman's Pine Lodge estate near Meek's Bay. The Hulls numerous friends at the lake are delighted to have them living again within easy driving range of Tahoe, and hope they decide upon the new move in the very near future.

Mr. and Mrs. A. L. Galli of Tracy received an interesting letter from their son, PFC Louis Galli, who is with the army intellingence service in France. He tells of making inspection visits to factories where wood burners are being manufactured for trucks and cars now being used. This is certainly one way in which to beat gas rationing and seems to work quite effectively. Just how the wood-burning motors operate, he failed to say.

One of the first to answer to the call of the new draft from Tahoe is the popular bartender at Homewood Hotel this summer, Eddie "Whitey" Odeski of Woodland, who leaves on October 6 for Auburn where he will be inducted into his Uncle Sam's army. He has no idea where he will be sent but it's a sure thing his "gang" will give him a rousing send-off. Good luck, Whitey!

Son Jimmie as at long last received his orders which means he will soon be leaving Weisbaden, although at last writing he had no idea to where. He had just made a trip on official business, with a buddy, to the famous Kronberg Castle and had found it the most beautiful place he has seen since he left Tahoe, says he... His only regret was that he and his buddy both forgot their cameras. He has been having some sessions with the dentist with a bad tooth about to be pulled. His address has been changed from the 5th Weather Wing Headquarters to Hq. and Hq. Sq. USAFE, whatever that means. He is looking forward to being shipped home in the very near future and is nearly bursting with unadulterated joy. He's been overseas for eight months and learned a lot of things he wouldn't have learned at Tahoe. His German wash lady recently brought him three lovely big peaches when she returned his laundry and he described them as luscious....and the first fresh fruit he has eaten all summer....everything has been canned. Looks like my favorite wish, having my only male offspring home for Christmas, has a good chance of coming true now.

Can't ring off without a few words about October 10 which is just around the corner. The 10th commemorates several occasions in the Swanson menage. First of all, the 75th birthday of friend husband, who is still spry and hale despite his advancing years. Secondly, it marks the completion of 14 years of service for me as correspondent for the Sierra Sun and Truckee Republican. Except for illness which caused me to spend one winter in Oakland and a few brief vacations, I have served the Sun continuously. It was during the time that the Stanley Baviers operated the paper that I took my courage in hand one morning and barged in. Celeste Plannett, now Mrs. Verne Daniels, was then correspondent and she planned to take a beauty course in Sacramento, which would leave the lake without a representative. I liked Mr. Bavier and he apparently liked me, for he handed me a huge stack of paper and some stamped envelopes and told me "Go to it!" I've been doing that, to the best of my ability ever since, and highly cherish the large number of friends I have made, and kept through the years. October is also the month which marks three consecutive years of the Tahoe Letter, started in an effort to cheer the boys in service and now continuing because so many of you requested that it be prolonged. That the boys appreciated the Letter throughout the war years and are still enjoying, including my own son in Germany, I have never doubted, as the many grand letters and words of thanks that have come my way have made it all worth while. I'm not expecting any diamond studded watches or floral horseshoes on my anniversary, but couldn't resist mentioning it before closing. Fourteen years may seem as nothing to some of the oldtimes, but it's been a long, long time and I've written a powerful big stack of words.

Leave you for another week and can report tonight that about 8:30, Chairman Walt Mandeville of the Tahoe parade committee, who had just returned from a fruitless buck-hunting trip, phoned to tell me that the little doll house built by the Carpenters for the Centennial was all mine. I turned in my ticket shortly after noon today. Am really thrilled about it and hope to put it to good use soon. Don't feel half so badly now about not winning anything at the Sportsmen's free buck stew last night in Truckee, which was grand if a little crowded.

Best wishes and good luck to you all.

As ever, Swanee

SUMMIT SCENE

by FRANCES COUILLARD

We are all thrilled and feel quite grown up at Soda Springs and vicinity right at the present moment for we have taken a step towards the beginning of a real community—the old-fashioned kind of community that knows its neighbors and desires to help them, the kind of community that has a goal that it knows it can attain if it pulls together. There has never been an active social organization in this neighborhood that encompassed all the residents and, believe it or not, there are many neighbors up here that really do not know one another. We told you that we were going to have a pot luck dinner that included the fathers and mothers of school children. Well, it exceeded our wildest hopes and aspirations. Said pot luck was held at Kiski Lodge on September 26. With a gathering of forty mountain people who answered the call, it was decided that a community club was needed as greatly as a fathers and mothers club. With lightning speed such a club was organized. Colonel Rutherford, guest speaker, was helpful in the organizing of the club and promised his full cooperation in the movement.

The club is named Donner Community Club and will be far reaching in the arera that it covers. Its ultimate object is a new school for the district with a community hall included in the plans. Officers were elected and a wildly enthusiastic crowd left the meeting with new hopes and aspirations for this, our district.

The next meeting will be held at Crampton's Store on October 4 and many more members will be present to be initiated in their new Community Club. Watch us accomplish our goals!

Well, the let down we predicted has arrived. The first wild thrill of the hunt is over and the few summer residents that stayed on for the deer season have left the Mountain. Now with the first rains, the cars are really heading "down the hill". We are going to get in and work like anything for our new club to take up the slack and start a social season for the mountain folks who are too busy in the summer to attend social functions—and are too cold in the winter.

Just talked to Dr. McKay of Auburn who has been summering in the Palisades. He states that the place was full of hunters for the past week.

Ralph Rowton of Ice Lakes makes the same assertion.

Elva Bruce is in the ba region taking a well-earned vacation.

Dr. Garland of San Francisco spent the weekend at his cabin in Soda Springs. Said he was trying to duck the Legionnaires Convention in San Francisco.

Woods and Nordstrum at the Ski-Hi are expecting to close their bar for awhile while they make the necesary renovations to open their place at full blast for the winter season.

Donner Summit Lodge's addition is reaching toward the sky. Starting on the third floor now and if this rain lets up for a little—they'll have a roof on the place in about ten days. Jack Wolert is surely doing a fast job on this lodge.

Saw Herstle's place the other evening. Boy, what a beauty! Plastering has started and he expects to be really booming by December.

Maria Schuster is having plumbing troubles in her cabin. She is praying that her new plumbing and water system is in before the first snow—for Maria lives off the road and if it weren't for the "Weasel" owned by the gentleman in the Central Sierra Snow Laboratories on the summit that makes a daily trip back and forth to their cabin—Maria would be really snowed in. Shouldn't bother her thou, for she is an excellent exponent on the "boards".

We went to that Free Buck Stew at the Capitol in Truckee last Saturday evening. Did we eat buck stew? We did not—we worked! What a mob! Guess it was a huge success. Saw some of our snow lab boys in the kitchen doing their bit to help too. Next year the Truckee Sportsmen had been have it a bit earlier in the season and make it in the form of an outdoor barbecue with the eager customers helping themselves cafeteria style. Just a suggestion.

We met the new managers of Rainbow the other day—people named Hanson. They like our country and are going to attend our next club meeting. Understand that Rainbow will keep food concessions open for 24 hours a day but don't know whether this is official or not.

Elmo Moriano left on Monday and will be gone a month from the neon-lighted Beacon Hill Lodge. He is going to stop in San Francisco long enough to get married. He has torn out a few partitions in the lodge to make himself and his bride an apartment. Going back to the neon—come up and take a look. Neons are under the eaves, neon tubes are splashed over the entrance and the whole thing is topped by a huge neon sign on top of the building. Real up town!

Big Mud Hole

A mud-filled canyon five miles wide and 600 feet deep has been discovered beneath the surface of the lower Mississippi River.

QUINTS CARE FOR NEW BROTHER . . . The arrival of a new brother is a matter of pleasant concern to the quintuplet sisters of the famed Dionne family of Gallander, Ontario, Can. This is the first picture of Joseph Alexandre Claude Dionne in the arms of Annette Dionne, following his christening. Left to right: Cecile, Marie, Emile and Yvone.

University of Nevada Enrollment at New Peak

RENO— Largest enrollment in the history of the University of Nevada, 1716 students, was chalked up by the office of the registrar at noon on Saturday, which marked the official close of registration for the semester.

This is 574 more students than the previous high of 1142 in the fall semester of 1940. Enrollment last spring reached 1100 when more than 400 veterans registered in January.

Increase over enrollment of one year ago is about 150 percent, a greater increase, according to statistics available, than that hich took place at any other major west coast college. All time low for Nevada came in 1943 with 412 students listed.

This year, out of 1,189 men attending the university, 906 are veterans—more than the entire male student body in 1940. Women this year number 527, which means that the male-female ratio this year stands at 3.3 men per woman. In 1940 the women numbered 424.

Indicative of the size of the freshman class is the fact that there are about 800 students enroll d in freshman English, a required beginning course. Senior class this year will probably number about 125 students, judging on the basis of last year's junior class enrollment.

Damp Weather Driving Safety Rules are Recited

SACRAMENTO, Oct. 3 —(UP)— The department of motor vehicles warns California motorists that the approach of the rainy season would require extra-careful driving to prevent accidents. Director Edgar E. Lampton listed the following rainy season hazards likely to be encountered:

Slippery pavements, particularly during first rains, causing a tendency to slip and skid at speeds above normal.

Smoothness of tires and generally faulty condition of automotive equipment due to current shortages.

Shorter hours of daylight, increasing hazards of early morning and late evening operation.

Increased pedestrian congestion due to holiday shopping.

Lampton pointed out that traffic accidents always increase in the fall because of these conditions and recommended the following safety measures:

Brakes, lights, tires and windshield wipers should be checked, he said, and speed should be reduced at least 10 miles an hour at night or during fog or rain.

The director cautioned drivers to maintain a sharp lookout at all times for pedestrians and cautioned walkers to wear at least one article of white clothing at night to increase visibility. Finally, Lampton added, drivers should never drink under any circustances before taking the wheel.

Cigar Store Indians

The old-fashioned cigar store Indian originated in Europe and appeared in this country before 1790.

PILOT, PLANE LOST IN TAHOE WATERS FOLLOWING CRASH

ZEPHYR COVE— Douglas County authorities have abandoned hope of recovering either the body of Mel Jelloff of Van Nuys or the plane in which he crashed into Lake Tahoe near here Sunday evening. The plane, with its pilot, sank in from 600 to 1000 feet of water.

The sheriff's office reported investigation showed Jelloff landed at Sky Harbor Airport on the lakeshore for fuel and took off for Van Nuys. He was an employe of the Skyways Charter Service.

About fifteen minutes later Jelloff zoomed low over Zephyr Point as he headed out into the lake and shouted, "I can't swim! I can't swim!"

Almost immediately the plane dived into the water. Jelloff climbed out on a wing, apparently to await rescue, but in a few minutes the plane sank, carrying him down with it.

The witnesses told sheriff't deputies Jelloff apparently had trouble with his motor. They said the motor was not operating as the plane zoomed over Zephyr Point.

State Parks Hit Record During Summer Season

SACRAMENTO, Oct. 3 —(UP)— State park attendance this year continued to break all records, the department of natural resources disclosed.

As an example of the record type of attendance parks have been getting, the department cited figures for Founder's Tree Park in Humboldt county. From the opening of the summer season to Sept. 1, the department registered 185,000 persons there, compared to 65,000 for the best entire pre-war season.

Former Truckee Girl To China as Mission Sister

TAHOE CITY— Sister Mariel, the foster daughter of the late Mr. and Mrs. C. F. McGlashan, pioneer Truckee residents, who was known during her school days in Truckee as Nona McGlashan, on Sunday, September 29, sailed on the Marine Lynx for China. She is a member of the Order of Social Sisters, a comparatively new order originating during the past 15 years. She was one of 400 missionaries who have gone to China to minister to and instruct the needy and poor of that vast, scattered nation. She is remaining until 1950.

TAHOE STATISTICS

TAHOE CITY— The level of Lake Tahoe on Monday was 6227.6 with 50 CSF of water leaving the Truckee River gates. Coldest day of the previous week was on Sept. 28 with 36 degrees and warmest was 76 on Sept. 29th.

North Tahoe News . . .

by MADELINE GALLERANI

Among those bringing in bucks in the Kings Beach and Tahoe Vista area are Everett Peterson with a 160 pound three-pointer, Tom Kyncy with a 159 pound four-pointer, Bill Martin with a 122 pound three-pointer.

Mr. and Mrs. Claude McQuary of Woodvista left on Saturday for Utah where they hope to make their home.

Mr. and Mrs. A. Ottman of Auburn were guests at the W. L. English home in Tahoe Vista.

Mrs. T. J. Gallerani and Anne Gallerani returned on Wednesday from a week's visit in Los Angeles.

Mrs. D. C. Barnett of Bonnie Beach has her sister, Mrs. Dixie Bullard of Alabama as her guest this week.

Mr. and Mrs. Minnehan are operating Hill's Market in the Brockway Shops. The store is being enlarged and will be a supermarket when finished.

Football Team

The Brockway Hotel is expecting the Santa Clara University football team to arrive on October 6 for a few days stay, following the game with University of Nevada Saturday.

Mr. and Mrs. M. Azevedo of Gustine are spending part of their honeymoon at the Tahoe Alps in Kings Beach.

Mrs. Sara Ernest, teacher at the Kings Beach School, is residing in one of the Jones' cabins in Kings Beach.

Ralph Glover of Woodvista returned on Wednesday from a week's visit in Yerington.

Mrs. A. Porter of Carnelian Bay has her mother, Mrs. Elma Putnam of Oakland, visiting her.

Mr. and Mrs. Gene Dertinger formerly of Fallon and now residing in Woodvista left Wednesday last for Oregon where they will visit with relatives and friends for six weeks stay.

Plans African Trip

Otto Bohme, long-time resident of Tahoe Vista, is contemplating a trip to Southwest Africa and hopes to leave in the near future.

Guest at the Sandy Beach Resort include Mr. and Mrs. F. A. Lord of Los Angeles.

Mr. and Mrs. Lowell Landrum of Augusta, Kansas, who have spent several months at Kings Beach, left for their home last week. However, the Landrums hope to return early in the spring to plan the largest lodge at Crystal Bay to be erected when construction conditions permit.

Mr. and Mrs. Charles E. Gonsert of Kings Beach have purchas a lot at Lake Vista and hope to build a home there later. Mrs. Gonsert is now visiting in Fresno and then will motor on to Los Angeles.

School in Union Hall

The first and second grades are attending school at the Carpenters' Hall in Kings Beach at the regular session from 9 AM to 2 PM to alleviate the overcrowded condition at the school house. Mrs. Dorothy O'Brien is the teacher.

The North Tahoe Mothers' Club will meet on October 3 for their regular meeting. All members and those interested are urged to attend. The annual and eventful Hallowe'en festivities will be planned at that time. Mrs. Peggy Mandeville will president.

Visitors from Cincinnati, Ohio, at Brockway Hotel are Mr. and Mrs. Fred Winkleman and Mrs. Winnie Stevens.

Mr. and Mrs. G. D. Phillips of Stockton spent the weekend at their home in Kings Beach.

Ivan Wallace of Woodvista is visiting friends at Utah.

Mrs. Hazel Partain and little Billie Eddy of Kings Beach left on Thursday last by Greyhound bus for Los Angeles where Mrs. Partain will visit her daughter.

Honeymooners at the Wallace Loomis cabins are Mr. and Mrs. David Brunner of Los Angeles.

Those enjoying a hunting trip at White Rocks Lake for a week were Mr. and Mrs. Warden Fields, Mr. and Mrs. John Clayson, Mr. and Mrs. Sherwood Hall, Mr. and Mrs. Clare Walters, Mr. and Mrs. Byron Abbott and Bill Hall.

Successful Hunters

A group of Tahoe Vista residents including Ed Starr, Andy and Alice Sorensen; Jess, Ralph and Irwin Tucker; Bill and Harvey Martin brought in two fine bucks weighing 122 pounds and 159 pounds.

Ballard's Sportsman Port at Tahoe Vista have erected a quonset hut 42x120 feet. It will be used for storing and repairing boats and will accomodate 36 inboards.

On September 28 a birthday party was held at the Buckhorn Inn in honor of Mrs. Antone Petroff of Crystal Bay. Those attending were Mr. and Mrs. Tom Sutton, Mr. and Mrs. Tony Riccardo, Mr. and Mrs. Art Nyberg, Mr. and Mrs. T. Peluso, Mr. and Mrs. John Rayburn, Mrs. Anne McClosky, and James Jeffers.

Mrs. Herbert T. King is now at home convalescing from a recent major operation in a Reno hospital.

Miss Mildred Janton and Miss Frona Porter of Long Beach spent the past weekend at the Kings Beach resort.

Mr. and Mrs. Wm. Van Hooser and children of Kings Beach motored to Reno on Saturday to visit with Mrs. Van Hooser's sister, Mrs. Melvin Webb.

Frank Apichino and daughter of El Cerrito were visitors at the Tom Sutton home in Kings Beach.

Charles Nassara left Saturday for Stockton after several months stay in Woodvista.

Watson Guests

TAHOE CITY— Camp guests last week at the Bob Watsons of Watson's Mill included Mr. and Mrs. Vern Daniels of Las Vegas, Mrs. Marjorie Nawlin of Roseville, Mrs. Gannan Taylor of Tudor, Mr. and Mrs. Geo. Catterlin and Ted McCrary of Oakland. Catterlin killed a three-point buck nearby Thursday afternoon.

Labor Shortages Delays Veterans Hospital a Year

Possible completion date of the new Veterans' Hospital in Reno has been set at June 1, 1947, it was stated by G. W. Singleton, engineer in charge of construction for the veterans administration. The building was originally scheduled for completion in July of this year. Construction figures show 63 percent of completion at the present time.

Lack of skilled workmen has consistentl slowed the progress of the building, Singleton declared, with an acute shortage of lathers and plasterers delaying work at the present. Fifteen lathers are needed with two now available. Thirty plasterers are required with nine on the job. Progress in other components of construction is correspondingly slowed.

The bright side of the picture has been the completion of elevator installations on time and without delay, Singleton stated. Material shortages, particularly acute at this time in refrigeration equipment, are expected to contribute a substantial share of future difficulties.

The hospital, when completed, will have a capacity of 166 beds as compared to the 31 beds now available in the present hospital building. Construction costs are estimated at $1,500,000. The building will be five stories high with 1,800,000 cubic feet of space and will afford veteran patients every general medical and surgical facility.

State Car Thefts Increase During August over July

SACRAMENTO, Oct. 3 —(UP)— The department of motor vehicles reported that 24 more automobiles were stolen in California during August than in July. Of 1645 cars stolen, 1511 were recovered, increasing stolen car recoveries by 85 over July.

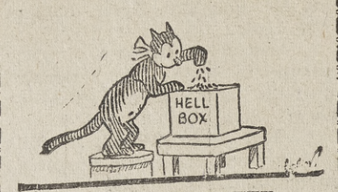
MY PLACE in the SUN



by DOUG BARRETT

One of the village's newest businesses is located at the oldest commercial site in these parts. Si Perkins, who has reopened the Stone Garage at the corner of Bridge and East Main, is operating on the same spot as Coburn's Station. The latter antedated the town of Truckee by many years and was an old stage coach station and road house before the Central Pacific pushed through these parts in 1868. Part of the old stone corral forms part of the wall of the modern building. Incidentally, the log building Bill and Irene Englehart have on their property and plan on adding to their home, is a segment of the inn that once stood at Coburn's, making it the oldest building in Truckee.

Every once in awhile, in the editor's mail pile, turns up an item of interest such as the one we got the other day which told us that it was not until July, 1945, that there was officially any such place as Lake Tahoe. Dubbed Lake Bigler, for an early-day California governor, the more popular name was not legally established until last year.

AROUND TOWN: Notice Frank A. Titus and Bill Wilkie exchanging the time of day....what a book those two could write on their Truckee memories....Rome Stark and his youngun surely look like....Gene & Lois Woods and daughter strolling around Truckee from their place on the hill on one of their rare evenings off....it's really too damp to get around town much this week....Evelyn Carruthers taking care of Slim Ellert's rod and gun counter....some tourist commenting, early of a morning, on our "crisp, invigorating Nevada air"....Sam and Bonnie Costa doing a bit of household shopping....Jack Touhy walkink to work rain or shine, with emphasis on the former.

Son is Born—
Mr. and Mrs. Elton Tobiassen of Nevada City are the parents of a son born on September 25, 1946.

In Oroville—
Mr. and Mrs. Donald Hansen and son Don are now living in Oroville where Hansen has been transferred by his company.

Return from East—
Mr. and Mrs. H. G. Williams returned last weekend from St. Louis where they had spent two weeks with relatives.

Marlene Mahne celebrated her birthdate on Friday, September 27.

New Text Books
New chemistry and shorthand books are among the new shipment of text books which were received at the high school.

Class Rings
Black onyx rings with raised emblem were ordered as cl ss rings for the Seniors. They are expected to arrive around Christmas.

TAHOE BRIEFS

Mrs. Ben Callender of Homewood had an odd accident last Thursday morning when she stepped out of bed to get dressed. When she placed her foot on the floor and attempted to stand on it, sharp pains shot through her ankle and leg and for a time she feared a bone was broken. A trip to Reno for an x-ray revealed nothing more than a bad sprain.

Last Thursday night was Homewood Night and a record crowd of guests attended the special program planned by Mr. and Mrs. Myers, the genial hosts. Highlights of the evening were dancing and a weiner roast about the large rustic fireplace.

Visit Here—
Mr. and Mrs. D. G. White, the former the president of the Berkeley Bank of Cooperatives and nephew of C. B. White, visited Mr. and Mrs. White here the past weekend. Mrs. White returned to Berkeley with the visitors for a short time.

Adams Parents—
Mr. and Mrs. Kramer Adams of Sacramento became the parents of a son born on September 28. The lad weighed 6 pounds 12 ounces and has been named Kent Kramer. Adams lived here several years ago while he was employed by an oil company.

To Oroville—
Mrs. A. G. Bradshaw will return here this weekend from Oroville where she went with a recent house guest, Mrs. Maxine Brown. Others who were guests of the Bradshaws on last weekend were Mr. and Mrs. Walter Hyatt of San Francisco, Mr. and Mrs. Russ Crase of Sacramento, Mr. and Mrs. James Sheridan and Mr. and Mrs. Frank Hooper, all of Grass Valley.

Members Contacted—
Mrs. Wm. Engelhart Jr., acting as president of the Wyethia Club during the absence of Mrs. W. C. Gage, contacted members early this week by telephone to determine those wishing reservations for the tri-county luncheon meet at Tahoe today.

Mrs. Smith's Guests—
Mrs. Dan Smith had as her recent guests Mr. and Mrs. H. C. Lichtenberger of Roseville and Mr. and Mrs. K. L. Kielhofer and children of Sacramento.

Former Resident—
Mrs. Maude McElroy of Sacramento visited here Thursday with friends. She is a member of an old Truckee family.

Teaching at Millbrae—
Miss Olga Owens left to resume teaching in the Millbrae schools.

To Bakersfield—
Mr. and Mrs. Dave Cabona, Mrs. Julia Crease and Mrs. Lily Pasquini went to Bakersfield this week.

In Vallejo—
Mr. and Mrs. L. B. Hussey, who sold their property at Kings Beach have gone to Vallejo to make their home.

Jesse Gilman, for the past two years a resident of Truckee, was fined $25 for violating the county sobriety ordinance when he appeared before Justice of the Peace R. N. Little on Monday. He was also given a 30-day suspended jail sentence.
